

## The Miracles of God's Creation Are Absolutely Amazing!

Swallows can fly seven thousand miles without chart, compass or radio beam and land at the place they left six months before.

Spiders can make a silken rope, creating materials in their own chemical laboratory. It is very fine but strong enough for their own transport through the air.

Beavers are engineers, constructing without aid of tools, cement or precision instruments bridges, tunnels, roadways, canals and dams that last for years.

Bees, wasps and ants solve their housing problem by building well-ventilated, weatherproof, well-designed and practical apartment houses.

A young squid travels by jet propulsion! He swims by pumping water through a tube along his thin, streamlined body. When pursued, he can gather great speed and he always jets backward. When he gets going fast enough, he can set his fins at an angle and take off into the water. He has been seen to fly as far as sixty yards with one take-off, leaving his foes far behind!

A group of scientists in Chicago placed a female moth of a rare species in a room. Four miles away a male moth of the same species was released. In spite of the din and smoke of the city; in spite of the distance; and in spite of the fact that the female was in closed room, in a few hours the male moth was found beating its wings against the window of the room in which the female was confined.

How do you explain such "miracles"? There is only one answer: God made it so!

Tagged salmon released from Columbia River points spend four years in the Pacific, then consistently return to the spots from which they departed.

Wild ducks and geese and other birds like the golden plover wing their way back to their original localities unerringly after long flights to distant points hundreds, even thousands of miles away.

God is absolutely wonderful! His wisdom and power are revealed in millions of ways in the innumerable miracles of creation which were planned and executed by infinite intelligence and might.

## How Couldst Thou Fly Without a String?

Once on a time a paper kite  
Was mounted to a wondrous height,  
Where, giddy with its elevation,  
It thus expressed self-admiration:  
"See how you crowds of gazing people  
Admire my flight above the steeple.  
How would they wonder if they knew  
All that a kite like me can do!  
Were I but free, I'd take a flight  
And pierce the clouds beyond their sight;  
But, ah! Like a poor pris'ner bound,  
My string confines me near the ground.  
I'd brave the eagle's towering wing  
Might I but fly without a string."  
It tugged and pulled, while thus it spoke,  
To break the string - at last it broke!  
Deprived at once of all its stay,  
In vain it tried to soar away;  
Unable its own course to guide,  
The winds soon plunged it in the tide,  
Ah, foolish kite, thou hadst no wing;  
How couldst thou fly without a string?  
My heart replied, "O, Lord, I see  
How much this kite resembles me!  
Forgetful that by Thee I stand,  
Impatient of Thy ruling hand,  
How oft I've wished to break the lines  
Thy wisdom for my lot assigns.  
How oft indulged a vain desire  
For something more or something higher!  
And but for grace and love divine,  
A fall thus dreadful had been mine."

## No Book Like It

I have guided my life by the Bible for more than sixty years, and I tell you, there is no book like it. It is a miracle of literature, a perennial spring of wisdom, a wonder of surprises, a revelation of mystery, an infallible guide of conduct and an unspeakable source of comfort.

Pay no attention to people who discredit it, for they speak without knowledge. It is the Word of God itself.

Study it according to its own direction. Live by its principles. Believe its message. Follow its precepts.

No man is uneducated who knows the Bible, and no one is wise who is ignorant of its teachings.

-Samuel Chadwick

## Things Don't Just Happen

Things don't just happen to us who love God;  
They're planned by His own dear hand.  
Then molded and shaped, and timed by His dock.  
Things don't just happen, they're planned.

We don't just guess on the issues of life,  
We Christians just rest in our Lord,  
We are directed by His sovereign will  
In the light of His Holy Word.

We who love Jesus are walking by faith,  
Not seeing one step that's ahead,  
Not doubting one moment what our lot might be,  
But looking to Jesus instead.

We praise our dear Saviour for loving us so,  
For planning each care of our life,  
Then giving us faith to trust Him for all,  
The blessings as well as the strife.

Things don't just happen to us who love God,  
To us who have taken our stand.  
No matter the lot, the course, or the price,  
Things don't just happen;  
They're PLANNED.

## The Big Lie

Arthur Woods

An atheist said, "The bigger the lie, the easier it is to believe." Another added, "Tell a lie often enough and many will believe it."

Evolution is the lie, the big one. The evolutionists lied to us about the Piltdown man. They lied to us about the Heidelberg man. They lied to us about the Nebraska man. They lied to us about the Peking man. They lied to us about the Neanderthal man. They lied to us about the New Guinea man. They lied to us about the Cromagnon man. They lied to us about the modern man.

Why should we believe them now?

The degenerate and demon-possessed Hitler believed the theory and sought to enslave the world. Despicable dictators have for centuries embraced this vicious lie. When the communists (evolutionists) took China, they ruthlessly slaughtered twenty million. Many scholars set the number at thirty million.
